

Long Beach-Yokkaichi Environmental Summit Exchange

Stay at ICETT (environmental technology facility) in Yokkaichi and learn from environmental experts on conservation technology.

Collaborate, discuss and share your environmental solutions and findings with students from Yokkaichi, Japan and Tianjin, China.

Travel to Japan!

A Unique Educational Experience

Every summer, since 2008, **four high school students (ages 15-17) and an adult chaperone from Long Beach** are selected to take part in an environmental summit in Yokkaichi, Japan. High school students from Long Beach, Yokkaichi, Japan and Tianjin, China stay together at ICETT (International Center for Environmental Technology Transfer) in Yokkaichi and share solutions about solving the earth's environmental issues proposed by the Yokkaichi government.

All applicants must have a current passport and NO visible tattoos.

Students and Chaperone will only have to pay for their roundtrip airfare to and from Japan. Accommodations, transportation and meals while in Japan, will be provided by the City of Yokkaichi.

Depart LAX: Sunday, July 27, 2025

Depart Japan: Monday, August 4, 2025

Applications are available at www.longbeach-yokkaichi.org
Applications are due: Friday, March 21, 2025 @ 5:00 pm
Selection Interview: Saturday, April 5, 2025 (Subject to change)
